The screenshot shows a web interface with two main tabs at the top: '1 Manage My Access' and '2 Review and Submit'. The '2 Review and Submit' tab is active, indicated by a dark blue background and a white '1' in a circle. Below the tabs, there's a section titled 'Add Access 1 items selected'. Inside this section, there's a list item for 'SLOT_TRACKING_PUBLIC_PROVIDER_CONTRACT_CAP_INFO'. To the right of this item is a green speech bubble icon and a 'Details' button. Below the list item, there's a summary line: 'SLOT_TRACKING_PUBLIC_PROVIDER_CONTRACT_CAP_INFO' followed by 'Type: Role' and 'Owner: HHS_WG_SlotTracking_Application_Owners'. At the bottom of the interface, there are three buttons: 'Previous', 'Cancel', and 'Submit'. The 'Submit' button is highlighted with a red rectangular border.

After submitting the request, you will receive a no-reply confirmation email from HHS with the details of your request.

The access request is routed to the LIDDA's security administrator for the first level of approval. The Health and Human Services Commission (HHSC) has authorized a security administrator for each LIDDA who is responsible for ensuring proper application access is assigned to their staff.

After the LIDDA security administrator approves the request, it is routed to HHSC for a second level of approval. When your request has been fully processed, you will receive a notification by email from HHS.
