Subject: Support Management in Community First Choice

Issuance Date: July 23, 2015

HHSC: 15-07-002

Effective Date: July 23, 2015

This memorandum applies to the STAR+PLUS program.

This memorandum is being issued to notify Managed Care Organizations (MCOs) of the tool to use when delivering support management as a Community First Choice service. MCOs may provide the service as part of their service coordination activities or require their contracted providers administer this service to members who request support management. Attached is the handout to use when discussing support management with members.
